

Solution Architect

About:

Mosaic Island are experts in Design and Assurance of complex IT change - from strategy through to delivery - enabling our clients to accelerate and exceed their business ambitions with confidence.

Our client is the largest and most advanced digital communications company in Britain, delivering mobile and fixed communications services. has approximately 553 retail stores, and services more than 31 million connections across its mobile, fixed and wholesale networks. Runs the UK's biggest and fastest mobile network, pioneering the UK's first superfast 4G mobile service in October 2012.

As part of a new and exciting project, we have a requirement for Solution Architect with a strong OSS background to join us on this exciting journey for a period of 6 months (highly likely to extend beyond this)

Skills & Experience Required:

- Strong OSS experience
- Networking
- Monitoring
- Broad/deep telco knowledge
- Able to work under their own initiative
- Strong communication skills
- Able (and comfortable) making decisions based on experience rather than defined requirements
- Self-starting, quick thinking...

We are paying competitive rates for this role with the opportunity to work on an exciting cutting-edge consultancy engagement on a long-term basis. The role will be based in Bristol or Hartfield.

Mosaic Island is an equal opportunity employer and is determined to ensure that no applicant or Employee receives less favourable treatment on the grounds of gender, age, disability, religion, belief, sexual orientation, marital status, or race, or is disadvantaged by conditions or requirements, which cannot be shown to be justifiable.
